

**AP World History Summer Assignments
2017-2018**

Dear Students and Parents/Guardians:

Welcome to AP World History. To give you a head start on all of the information we have to cover during the course of the upcoming school year, I'd like to make sure that the students have a good foundation in Geography and have materials ready so that I can teach them how to write the essays involved on the AP Exam in May. Students will have to read and outline the first chapter of the textbook (more so I can see where we are with note-taking, than anything else). The last assignment will be a general timeline of World History Events that we can refer to during the course of the class.

If during the progression of the summer you have any questions or concerns, you can always reach me via email throughout the summer. Parents, I'd rather the student's email so that they can learn to advocate for themselves and communicate with their teachers, as this is a skill they will need after graduating. Obviously, I will respond to parents as well, but my goal is to get these students ready for collegiate life as well! I will respond to emails within 48 hours.

Thank you so much and I look forward to being your teacher!
Sincerely,

Ms. K Vining

Part 1: Mapping the World

Purpose:

For students to have a basic understanding of the geography of the world so that we can make connections to it throughout the course of the year.

Activity:

Students will complete the 6 maps (1 for each major time period in World History) using the 6 different lists enclosed in this packet and the 6 maps that are enclosed in this packet. When we return in September, all maps are to be completed as they will be collected and laminated by Ms. Vining for student use throughout the school year. Due on the First day of School!

Part 2: Gathering info for the Essays (2 Essays)

Purpose:

To teach the mechanics of preparing and writing the two most difficult essays on the AP Exam through using information about themselves and their life.

Activity:

1. DBQ: Document Based Question:
 - a. Collect 8 “documents” about yourself and put them in the format included in this document (See below). Documents can be any of the following, you want a mix of at least 4 of the types of documents below (you can’t have all pictures). Please be sure that pictures/items are school appropriate:
 - i. Pictures or copies of pictures...I suggest copies so that your parents don’t wonder where all their pictures of you are going! (school pictures, class pictures, candid, family pictures)
 - ii. A description of your close friends (what do they like, what do they like to do, what sports or activities do they take part in, what do you like to do when you’re together, be detailed, this should be fun!) (10 lines or more)
 - iii. A description of you (what do you like, what do you like to do, what sports or activities do you take part in, what are your favorite foods, be detailed, this should be fun!) (10 lines or more)
 - iv. A description of your favorite TV Show or book. (10 lines)
 - v. A description of your favorite activity to do with your family or with your friends’ families. (10 lines)
 - vi. A description of your favorite type of music or band (10 lines).
 - vii. What is the best thing you did this summer (keep it appropriate!) 10 lines.
 - viii. What do you want to do when you “grow up” and explain why (10 lines).
2. CCOT (Continuity and Change over time):
 - a. Create a timeline of your life that includes the following items, up to the beginning of August 2017:
 - i. Birth
 - ii. Learned how to walk
 - iii. Learned how to talk
 - iv. Birth of siblings
 - v. Meeting of specific friends throughout life.
 - vi. Started daycare (if applicable)
 - vii. Started preschool (if applicable)
 - viii. Started kindergarten
 - ix. Started elementary school
 - x. Start of you playing any sports you played (if applicable...dance, cheerleading count, I don’t care what you say, this is hard work if done correctly!)

- xi. Start of you taking part in any activities you took part in (acting, reading groups, etc)
 - xii. Starting middle school
 - xiii. Learning a foreign language (or have you always known a foreign language?)
 - xiv. Starting high school
 - xv. Any other defining points in your life (deaths of grandparents if you want to add this, getting your driving permit, fishing/hunting license, boating license, lifeguarding certification, jobs, etc...if these are things that you get renewed yearly, then say that; milestones in sports or other activities that you're proud of etc...you get the idea).
- b. Timelines should follow the example that I included in the packet.

Part 3: Timeline of General World Events

Purpose:

To gain a general idea of when major events in world history occurred.

Activity:

Students will create a general timeline using specific events given in this packet.

Part 4: OPTIONAL

Barron's AP World History Test Prep

Purpose:

To supplement material learned in class and provide additional assistance in preparing for the AP test.

Activity:

1. This book can be purchased on Amazon for about \$20.00. If you choose to purchase this, you should familiarize yourself with section I "How to use this book."
2. Also, we will use this book for test preparation/bonus throughout the year.

Activity 2 (Part 2): CCOT Timeline Example:

You may do your timeline horizontally or vertically, whichever way you'd like. But please follow my example below so that you'll be able to see Continuities and Changes when we go to do this essay together during the school year. Please put yours on the blank piece of paper on the next page.

Activity 3: Timeline of World History: Please plot these major world history events on the timeline below. Be sure to use dates (you do not have to describe the events yet...we'll do that throughout the year).

Hint: You should plot the points and their beginning and end dates and connect them with a colored line, see my example below for the Neolithic Revolution.

Events:

Neolithic Revolution/Agricultural Revolution (8500 to 3500 BCE)	Classical Period (1000 BCE to 500 CE)	Christianity (c. 50 CE)	Second Agricultural Revolution (1400 to 1800)
First Civilizations (8500 to 5000 BCE)	Buddhism (600 BCE)	Islam (622 CE)	Modern History (1914 to present)
Hinduism (1700 BCE)	Confucianism (479 BCE)	Post Classical Period (500 CE to 1450 CE)	WWI (1914 to 1918)
Shintoism (1000 BCE)	Daoism (300 BCE)	Early Modern Period (1450 CE to 1750 CE)	WWII (1938 to 1945)
Judaism (1500 BCE)	Zoroastrianism (440 BCE)	Industrial Revolution (1750 to 1914)	Cold War (1945 to 1990)
